1. Look for **crates with Rollo’s paw-prints** on the 2nd, 3rd, 4th and 5th floors. Each crate contains an animal stowaway!

2. When you find the missing animal, use the embossing tool inside the crate to make an imprint of the animal on back of this paper.

3. Collect all seven imprints, and your team is a super group of **Mercer pet detectives**!

Good luck!
