

Name That Tool

Household Edition

Below are four objects that could be found in historic households.
Can you figure out the name of each item?

Draw a line from the name of the tool to its correct picture.

- A) **Stereoscope:** This tool took two separate images and created a single three dimensional result for the viewer.

1)

- B) **Tinder Pistol:** When the trigger on this tool was pulled, the flint struck the steel, which made sparks. The sparks flew into a pan and started a fire in the tinder (fine straw or partially burned cloth).

2)

- C) **Lamp:** This tool burned oil or fat, using a wick dipped in the pan. The wick gave off a dim light and as the oil burned it was smoky and smelly.

3)

- D) **Wallpaper Block:** This wood block would be used as a stamp to create patterns for wallpaper.
